PRODUCTS

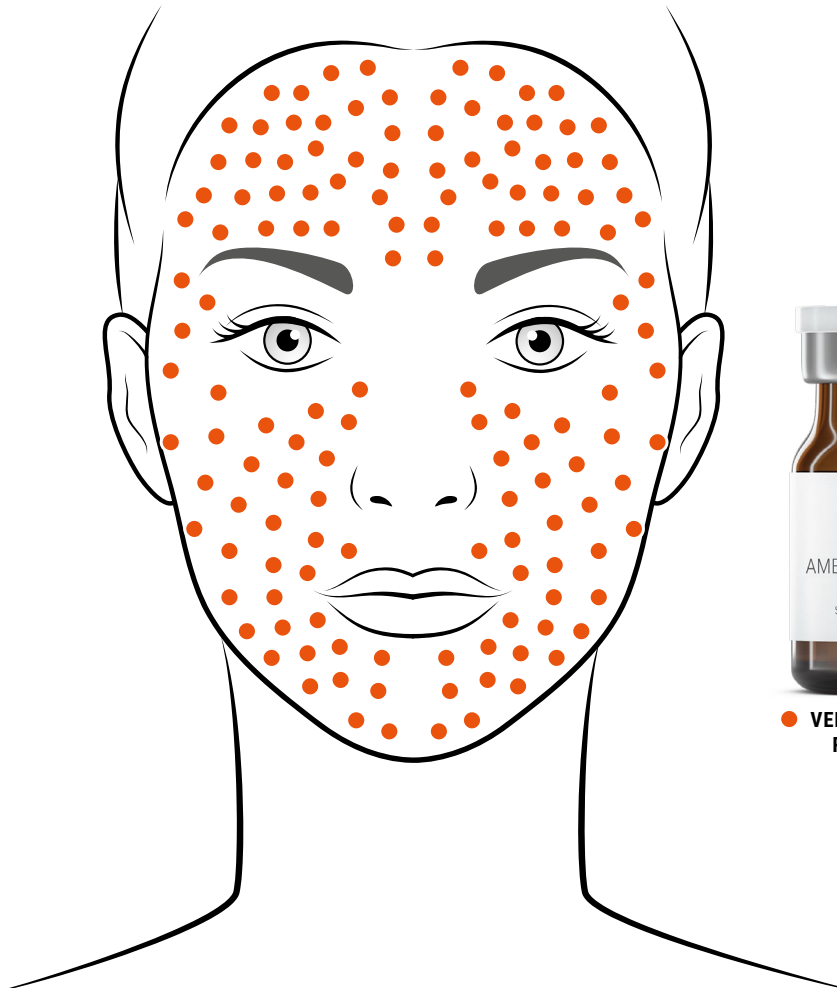

**VENOME AMBER
ROSE PDRN**

Venome Amber Rose PDRN is a unique stimulating and revitalising treatment. Thanks to an advanced formula including PDRN, succinic acid, hyaluronic acid, a peptide complex and rosehip and hibiscus flower extract, the product activates powerful tissue fibroplasia, stimulating the formation of new protein fibres, including type I and III collagen.

The Amber Rose PDRN treatment has many benefits, such as **intensive tissue regeneration, strong anti-wrinkle, moisturising and strengthening effects.**
